"When our firm arrived in 2016, as business leaders we saw a tremendous opportunity for our team in the Third Ward. Every day we can experience one of Milwaukee's gems — be it before, during or after work. A membership in the HTWA promotes this amazing neighborhood and comes with benefits, like the value of engagement and the right to help curate where you do business."

Who We Are + What We Do

The Historic Third Ward Association (HTWA) is a nonprofit membership organization focused on creating a healthy, vibrant Historic Third Ward for all. Our membership currently includes more than 500 businesses, community partners, nonprofits and Third Ward residents.

The HTWA is run by a professional staff and a 19-member board of directors made up of representatives from our various business, arts and resident groups.

While our members join the HTWA for different reasons, we all share a love of the Third Ward and a desire to help shape our community. Membership in the HTWA gives you access, influence and opportunity; access to member-only events, information and invites to expert/learning events; a chance to influence critical public policy issues; and countless opportunities to network.

Our resident members help shape the HTWA's strategic priorities and provide input on critical programs and issues facing the Third Ward. And we offer a range of ways to stay informed about important issues, get involved and meet other members.
